SUITABLE FOR

Softwood

Hardwood

MDF

Laminated

■ More models available soon.

■ Freud extends its HM knives' offer with the CG08M range, a new high performance product, as a result of its investments in an optimized manufacturing process.

■ New technologies and advanced laboratory studies have led to the development of a new HM mix in conjunction with a superior cutting edge, which has a positive impact on finishing and tool life.

■ Due the medium hardness, the new range is suitable for a universal utilization.
